I contacted the selling agent, buyer and title companies along with the tenants for both Wilson and Diego. Where is my boat, truck and car located.

Leroy,

All the appliances from Diego Cove are in the back of the storage units blocked from view by the other items. The appliances in Bastrop were sold with the property since you had no space to store them and several were not in working condition.

Mr. Nellis,

In the pictures that Steve sent me I'm not seeing any appliances from both the properties you illegally sold without my permission and I need to know the status of these items including and not

limited to my double bladed ceiling fan, 4 refrigerators, a stand up freezer, 4 tvs, 7 solar panels, 2 sets of washer dryers, a water softener, outdoor speakers, 10 arlo cameras.

Regards,
LeRoy Nellis
